

Are you taking a gamble with your home?

Take the risk out of home guarantees with CGS, the leading force in Construction Guarantees...

All **CGS** contractors have achieved what are probably the hardest approval standards in the industry. Checks on technical competence, Health and Safety and clear, concise and accurate reports, ensure that members have an enviable position within the industry. They are held in the highest respect amongst specifiers, local authorities, church councils and national institutions.

Guarantees are available for treatment against:

- Wood boring beetle
- Wood rotting fungi
- Dry Rot
- Rising damp
- Replacement wall ties
- Structural waterproofing ('tanking')
- Structural repairs
- Under pinning
