

IMPLANT REFFERAL CENTRE

Lane Ends Aesthetic and Implant Referral Centre is purpose designed to provide optimum levels of personal and clinical care for involved reconstructive procedures.

We routinely provide single tooth replacement therapy up to full arch and full mouth Implant borne reconstructions.

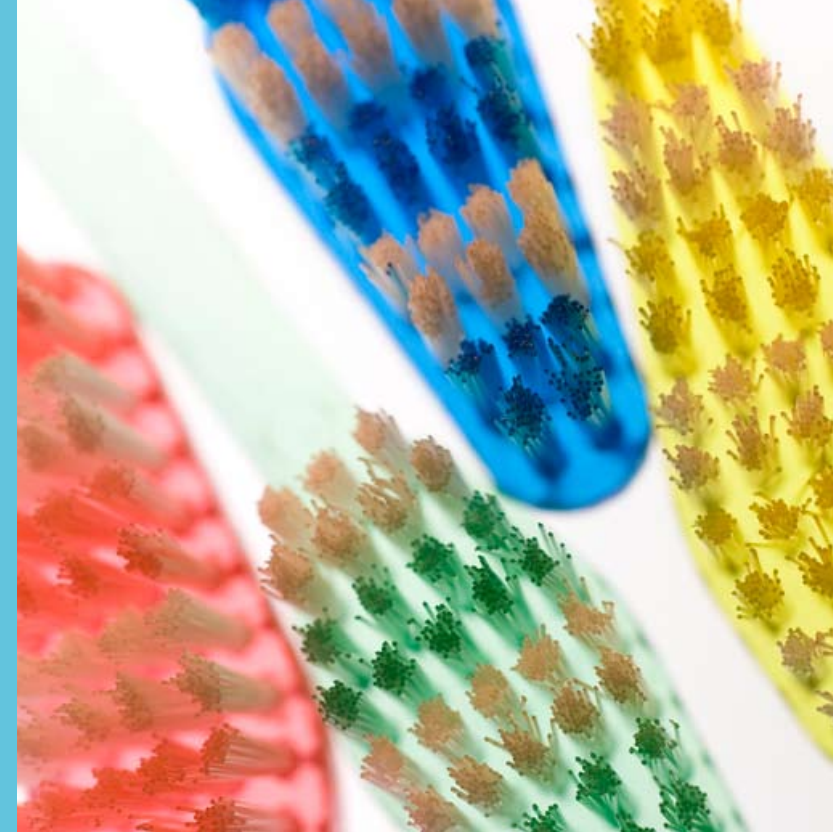

A cornerstone of our philosophy is using evidence based techniques to build a sound hard and soft tissue environment into which Implants can be placed. This provides the best chance of predictable, bio-mechanically and aesthetically sound reconstructions.

COMMITTED TO YOU

All members of our team are committed to continually improving their knowledge and undertake many hours of continual professional development each year.

We also perform regular clinical audits and take part in a thorough quality assurance programs organized by Denplan or BDA good practice.

Our mission is to achieve the aesthetic and oral well-being needs and desires of our patients through technical excellence, while respecting the comfort and peace of mind of each.
