// FROM THE SMALLEST
TASK TO THE MOST
COMPLEX INVESTIGATION

// WE HAVE BUILT A CAST IRON REPUTATION
WORKING WITH ORGANISATIONS, LAW FIRMS,
PRIVATE INDIVIDUALS AND CELEBRITIES

3e SURVEILLANCE LTD IS A PRIVATE CLOSE PROTECTION AND INVESTIGATION BASED COMPANY

We have a combined active experience of 20 years, providing a professional and personal service not only to our major clients, but also to private individuals with specific and varied requirements. We are based in the UK and operate globally.

Our operatives are experienced in:

- Missing person searches
- Matrimonial cases (cheating, infidelity, divorce)
- Covert surveillance
- Close protection
- Background checks and reports

We undertake investigations into bogus injury and fraudulent insurance claims. We trace debtors and absconders, retrieve data from mobile phones and computers (data forensic investigation). We undertake investigations of corporate fraud, the sale of counterfeit goods and also offer GPS car and vehicle tracking devices and services.

We offer a wealth of experience, with our fully trained male and female private investigators who are employed because of their proven achievements in this area. We can handle any job from an hours work to a major international operation.

// OUR AGENTS CAN PROVIDE HIGH QUALITY FOOTAGE, NO MATTER WHERE SURVEILLANCE IS REQUIRED

//SURVEILLANCE

Effective surveillance isn't simply about good technique and having the latest technology. Preparation, research and planning are integral to running a successful operation.

We can provide all forms of surveillance, including conventional, rural and electronic surveillance. We have dedicated surveillance teams strategically placed in the UK and Internationally in order to offer the very best services to our clients.

Our highly experienced surveillance operatives are selected from the police and military services with many years of experience. We utilise state of the art equipment and technology, which include sophisticated global tracking systems, high-powered photographic and covert video equipment.

We are able to provide evidence for court both verbal and photographic, especially dealing with accident and injury claims. Our evidence has rebutted many claims, thus saving our clients extortionate settlement fees.

WE USE THE VERY LATEST AND MOST SOPHISTICATED TECHNOLOGY IN AUDIO AND VISUAL RECORDING

// INCREASING COMPENSATION CULTURE IS RESULTING IN A HUGE NUMBER OF BOGUS CLAIMS

// INSURANCE INVESTIGATION

An insurance company will tell you, that we now live in a world where insuring the potential risk of becoming unemployed, having an accident or suffering a sickness is a must. It is also as important to insure your property and its content, as the costs of replacement is increasing all the time. People know the value of insurance, however, it does not stop them from seeing the premium as a non returnable outgoing which in turn makes them exaggerate claims or submit fraudulent claims for their own gain.

3e Surveillance Ltd are an established and professional organisation, with all operators (male & female) having police backgrounds, who undertake liability, indemnity and fraud investigations on behalf of insurance companies, injury lawyers and claim handlers.

- Covert surveillance / observations
- Insurance fraud enquiries
- Personal injury fraud
- Visits and reporting
- Background checks
- Court evidence

THE SHARP RISE IN TRIBUNAL HEARINGS IS EVIDENCE OF A GROWING COMPENSATION CULTURE IN THE UK

We will provide you with credible and accountable evidence that can be admissible in a court of law all supported with photographic / video evidence of the subject's activities.

// DO YOU SUSPECT YOUR MARRIAGE PARTNER IS BEING UNFAITHFUL IN SOME WAY?

//MATRIMONIAL

Whether you are noticing small changes in your partner's behaviour or routine or if there are more obvious alterations in mood that have caused you to be suspicious, you will want to know exactly what the cause of the changes are.

3e Surveillance Ltd provides a confidential service focusing on your objectives and keeping you updated at every stage of the process. We have a professional surveillance team, who understand your need to get answers as well as the sensitivity of your circumstances.

We know that contacting an investigator to "check up" on your loved one is a hard choice to make, but living with fear, doubt and uncertainty is worse!

Matrimonial or partner investigation will either restore confidence, or at least give you the facts to put you in control and to choose the action you may wish to take.

WE FULLY UNDERSTAND THE TURMOIL THAT YOU HAVE GONE THROUGH TO COME TO THE DECISION TO EMPLOY OUR SERVICES

A close-up photograph of a person's face, partially obscured by a camera lens. The person has dark hair and is looking through the lens. The lens is black and has "MADE IN JAPAN" printed on it. The background is blurred, showing what appears to be the interior of a car.

// THE WORK THAT WE DO IS CARRIED OUT WITH COMPLETE CONFIDENTIALITY, GIVING SWIFT AND ACCURATE RESULTS

// PRIVATE INVESTIGATION

Often the reason for considering private investigation is that you are looking for answers and without these answers you cannot make an informed decision.

Whether you are considering talking to a private investigator to trace a missing relative or to investigate a partner or to track a debtor, we have the expertise and know-how to make sure that you can get the answers you require.

When a loved one disappears for apparently no reason, family and friends are more often than not left with unanswered questions. A private investigation into tracing a missing person can provide the facts that are needed to resolve those questions.

Corporate investigations could involve tracking down a debtor, investigating due diligence in an employee or pre-employment screening. These are some of the services that we provide.

Before you confront someone with your suspicions you need to have all the facts. This applies whether your relationship is business or personal.

WE WILL HELP FIND THE FACTS SO THAT YOU CAN MAKE THE CHOICES

// OUR MAIN OBJECTIVE IS TO FACILITATE OUR CLIENTS NEEDS WITHOUT INTERRUPTION FROM ANY UNWANTED THIRD PARTIES

//CLOSE PROTECTION

3e Surveillance Ltd offer bespoke solutions to meet your risk management and close protection concerns by analysing the risks to individuals, corporations and assets in relation to both their current or future circumstances - protecting against violence, kidnapping or any other situation that could be detrimental to the health or safety of our client(s).

The everyday duties of a Close Protection Officer include: Driving our client to a venue and ensuring they reach their destination with total confidence and without any untoward accidents, distress or unwanted anxiety. On return to the designated destination, the client will be greeted with the same team as per the drop off.

Planning and research is a must within any Close Protection Operation and the hours invested in the back office stages are imperative to the safety and success of any security works. All our Close Protection Personnel have completed Advanced Specialist Driver Technique training to keep their skills at the highest level.

IN THE CURRENT CLIMATE,
PERSONAL SAFETY AND SECURITY
IS OF THE UTMOST IMPORTANCE

//TRAINING COURSES

Employees who have to deal with people directly can be subject to angry or aggressive behaviour. Sales people, estate agents, planning officers, social workers, benefit officers and others who have to meet people on their own are particularly vulnerable.

There are a number of safety measures they can take, which together with the confidence they will gain on this course, will help reduce the risks.

“Anyone can become angry, that is easy. But to be angry with the right person, to the right degree, at the right time, for the right purpose, and in the right way – that is not easy.”

Aristotle

**NO SPECIAL CLOTHING OR FITNESS
IS REQUIRED FOR THIS COURSE**

By the end of the “Personal Security, Handling Anger and Aggression in the Workplace Course” delegates will be able to:

- Understand the law on assaults and offensive weapons
- Use crime prevention measures to protect your property
- Understand Coopers Colour Codes (different levels of awareness)
- Make good use of body language
- Display assertive behaviour and improve confidence
- Demonstrate attack prevention
- Deal with aggression that turns to violence
- Know what to do if confronted by an attacker
- Demonstrate simple, yet effective self-defence techniques
