

Construction of a new four bedroom bungalow and refurbishment of the existing dovecote to create a new office and double garage.

PROJECT TITLE	New Bungalow
CLIENT	Private
ARCHITECT	NVB Architects, Frome
CONTRACT VALUE	£180,000
DURATION OF WORKS	26 weeks
COMPLETION	2007
PROCUREMENT METHOD	Open Tender
CONTRACT NO.	1460

The works comprised construction a new three bedroom bungalow in the rear garden of the an existing domestic property. Demolition of the existing garage made way for the new bungalow to be built. The building was constructed using a traditional method with internal block walls, external brickwork and a truss roof structure and tiled roof. The works also involved installation of a new driveway to the new bungalow and construction of a new garage to the existing property, along with some external and internal alterations to the existing property.
