

Construction of a Children's Nursery

Project Title	New Children's Nursery
Location	Mells, Somerset
Client	The Trustees of Mells Nursery
Architect	NVB Architects
Structural Engineer	David Edwards Associates
Contract Value	£181,000
Duration of Works	20 Weeks
Completion	23rd February 2007
Procurement Method	Design & Build
Contract No.	1486

This Design & Build Project comprised construction of a new single storey building to house Mells Nursery. The building was a traditional build, with block work internal leaf. The external walls comprised either natural stone, block work or timber cladding. The Nursery was constructed with a sound absorbing ceiling to reduce noise levels. The building incorporated a new nursery and play area, staff room, office, children's WCs, storeroom and disabled WC. External areas comprised both hard & grassed play areas.
