

Construction of a New Music Block and ICT Block

Project Title	Music Block and ICT Block
Location	Norton Hill Secondary School, M-S-N
Client	Bath & North East Somerset Council
Architect / Contract Administrator	B&NES Property Services
Contract Value	£1,480,000
Duration of Works	38 Weeks (Phased Completion)
Completion	Music Block - 16th September 2004; ICT Block - 26th November 2004
Procurement Method	Tender
Contract No.	1448

The work comprised construction of two new buildings and a new tennis court. The music block is a single storey traditional build, with internal acoustic properties in the classrooms, and recording studio. High acoustic values were required for the construction of the music block to avoid noise transfer between music rooms, classrooms and the recording studio. The ICT block is a two storey steel framed construction, with block work and brickwork external works. The first floor of the building consists of two offices and four large classrooms; the first floor consists of four classrooms, one office, and a Technical Suite for the ICT. The classrooms are paired, creating two large classrooms if needed. The larger room has a glazed screen to divide it in two.
