

Construction of a Sure Start Centre

| | |
|---|--|
| Project Title | Construction of a Sure Start Centre |
| Location | St. Martin's Garden Primary School, Bath |
| Client | Bath & North East Somerset Council |
| Architect / Contract Administrator | B&NES |
| Contract Value | £622,969 |
| Duration of Works | 30 Weeks |
| Completion | 19th May 2006 |
| Procurement Method | Tender |
| Contract No. | 1474 |

The work comprised construction of two new single storey extensions and the refurbishment of an existing building at St. Martins Garden School to form a Sure Start Centre. The building included a new reception area, kitchen, offices, children's and disabled WCs, three classrooms / nursery areas, external soft play area and new parking area. The superstructure of the front extension comprised block work and reconstituted bath stone and the rear extension comprised a timber frame with cedar cladding. The roof was constructed of Glulam timber beams with Kalzip aluminium covering.
