

SMALL GROUP SUPERVISION with a DIFFERENCE
using CONSTELLATIONS approach
facilitated by Marilene Metzler

Thursday 25th March 2010
10am – 1.00pm

Aim of the day:

- Meeting with peers for facilitated supervision
- Exploring issues from your practice in a safe and confidential setting through constellations
- Experience and become aware of the hidden dynamics at play in our practice through an introduction to constellation work

This session is open for anyone treating patients, and who feels drawn to this work. Please do bring issues you would like to explore. This could be to do with a particular patient, or that you would like to see more patients, or you keep attracting the same patients or anything else that has come up for you.

Please note that the aim of this session is not for peers to discuss the issue you bring but to look at it from a different perspective to see if we can discover another 'truth' of what is.

Group size: 4-6 participants

Venue: The course will be held in Bagshot [Full details upon booking]

Cost: £20 (tea/coffee and biscuits will be provided)

[Full refund given until 2 weeks before the session]
